Business Men's Association Endorses Tourist Hotel Project

\$1200 Daily Payroll During Harvest Season at Jones Ranch

RESOLUTIONS IN FAVOR OF THE MISSION INN

Sonoma Organization Gets Behind
Big New Enterprise For Sonoma
Valley. Prominent Men Talk.

At a well attended meeting of the Sonoma Business Men's Association called to discuss and hear discussion upon the new tourist hotel project for Sonoma Valley, resolutions were passed endorsing the Sonoma Mission Inn. Many prominent people of the town and valley gathered in Woodmen's Hall to hear outlined the plans of the company which is behind the enterprise, and to greet Harry Spears, president. Mr. Spears, who put over the Golden Gate Ferry and is now one of the men responsible for its successful operation, gave a splendid talk on what the new hotel would mean to Sonoma Valley in connection with other development which is destined to build up this famed section of Sonoma county. He reviewed the accomplishment of the Golden Gate Ferry and asked for the same confidence and cooperation from the public as had been accorded him and his associates in their transportation program.

Attorney Dudley Sales was the next speaker and reviewed the Inn project as a business proposition, declaring it to be the cleanest stock selling proposition to be found anywhere. The State Corporation Commission had found it sound and immediately gave Mission Inn its O. K. He spoke of the growth of transportation facilities and the auto traffic increase up this way. Northern California, he declared lagged far behind the south in providing adequate accommodations for tourists, although it is evident that Southern California makes a big success of its elegant tourist hotels. He urged that provision be made to interest the wealthy tourist in spending more time in this part of the state and declared that the Mission Inn would provide a great need for such accommodation. San Francisco hotel men of prominence have assured the Sonoma company that Mission Inn will be in demand by San Francisco people to say nothing of the eastern traveler.

R. G. Lichtenberg, a director of Mission Inn, and who has made a decided success of the Boyes Hot Springs Hotel, also addressed the meeting, citing actual experiences of the demand for more modern accommodations and telling of the growth of business at the baths which if improved, could be made attractive to more health and pleasure seekers.

Attorney Powers, Mayor Minges and others spoke, all arousing very apparent enthusiasm in the elegant hotel and golf links to be built on the former Bigelow ranch.

President W. F. Clewe of the Business Men's Association presided at the meeting and had read the telegram from Highway Commissioner Toy, stating that bids were being advertised for the construction of the Schellville-Beltane highway.

The resolution endorsing Mission Inn reads as follows:

"At a meeting of the Sonoma Business Men's Association, held at Sono-

A Petrified Woman Dug Up In Creek

Agua Caliente Claims "Find" Which
Resembles Indian and Bids Fair to
Rival King Tut.

Agua Caliente bids fair to become the Mecca of scientists, beauty doctors and ladies anxious to preserve their good looks, for last week the well preserved form of a woman, thought to be an Indian, was unearthed from the creek bed where it had evidently rested for years.

The remains, consisting of head, arms and upper half of the body, are apparently petrified and in an excellent state of preservation. The statuesque stone beauty was discovered by workmen who were excavating and hauling out gravel from the bed of the creek near the Agua Caliente Springs Hotel. It took the efforts of two men to get the "woman" out after the discovery, for "a petrified woman weighs something, we'll tell the world," said her rescuers.

How the body found its way into the creek bed will never be known, although it is reported that an Indian burying ground was located in the vicinity and that the creek gradually encroaching and cutting out a wider channel, finally embraced the cemetery of the original settlers of Sonoma Valley.

The presence of many mineral springs in the locality lend authenticity to the belief that the petrification of the human body found here was due to the infiltration of the minerals in the wonderful water for which Agua Caliente is famous. Silica deposits were found near the spot where the petrified woman was uncovered.

The find has attracted much attention and Tom Corcoran, owner of the Agua Caliente Springs, has consented to part with his petrified guest and allow her to be exhibited by E. Perkins, of the village. All who have seen Sonoma Valley's original Venus declare her to be a perfect 36 and very well preserved, indeed, for her years.

Agua Caliente is liable to have started something that will rival the King Tut craze and has already started to try to dig up "Stella's" affinity.

WOMAN'S CLUB TO MEET AGAIN

Next Friday, the first meeting of the Sonoma Valley Woman's Club will be held, following the annual July vacation.

ma on Monday evening, July 23, 1923, it was unanimously declared to be the sense of such meeting: That the building of the Sonoma Mission Inn is the most important undertaking now before the people of Sonoma Valley;

That the plans of the corporation are feasible and comprehensive;

That the Officers and Directors of Sonoma Mission Inn are men of high purpose and integrity;

That the project is entirely deserving and worthy, and entitled to the moral and financial support of the people of Sonoma Valley."

Commissioner Toy Wires Work On Schellville-Beltane Road Will Be Let.

The eagerly awaited news that a contract is to be let for the state highway to be built between Schellville and Beltane was received Monday in a telegram from State Highway Commissioner Harvey M. Toy. The telegram, addressed to William I. Fitzgerald, who has been keeping in close touch with the road situation, follows:

San Francisco, Cal, July 23, 1923
W. I. Fitzgerald,
Boyes Springs, Cal.

Work on the Schellville Beltane road now being advertised for bids. Want you and all citizens of Sonoma county to know that we have rushed this road through as quickly as possible. This will be a graded and graveled road 20 feet wide.

HARVEY M. TOY.

The road, for the construction of which bids are now asked, is the second unit in the state highway between here and Santa Rosa. The highway is being built from Santa Rosa down through the Sonoma Valley and will be, when completed one

of the most beautiful drives in Northern California. Skirting the foothills clad in typical California foliage, which is a green carpet in the spring and gorgeous in the rich autumn tones of fall and midsummer, this route will be one of the most popular laterals in the state. The route follows the present county road most of the way, but the new survey opens up considerable beautiful country not seen from the present thoroughfare and eliminates a number of dangerous crossings and curves.

The Schellville-Santa Rosa highway project was originally included in the state bond issue of 1918, but lack of finances and interest in this section of California resulted in nothing having been done until with the appointment of Messrs. Toy and other men named by Governor Richardson on the new Highway Commission, interest in the road was revived. Mr. Toy acquainted with the neglect to which Sonoma Valley has been subjected, proved a valuable ally in the project now about to be consummated.

NEW YORK WANTS SONOMA VALLEY GRAPES

Sam Sebastiani is in receipt of a telegram from his New York representatives that they want to buy 100 carloads of Sonoma Valley grapes. Mr. Sebastiani leaves in a few days for the east to perfect arrangements to have the buyers deposit money for the grapes in Sonoma banks, and will be prepared to offer vineyardists cash upon delivery for their tonnage. In addition to 100 refrigerator cars for New York, Sebastiani has clients up north who will accept box car shipments of grapes.

Miss Roberta Poppe, daughter of Mr. and Mrs. Charles J. Poppe of Glen Ellen has returned from a trip to Alaska.

TWO FIRE ALARMS FROM STATE FARM

Two fires, caused by sparks from a gas engine used at the State Farm at Buena Vista by wood cutters, brought all available fire fighting units to the Farm Thursday morning and afternoon. Considerable pasturage was burned over and at the afternoon fire a barn was destroyed. The rough roads to the Farm made it an exceedingly hard run for Sonoma Valley's volunteer fire departments.

Miss Lolita Clerici is spending a week with St. Helena friends. Before completing her education elsewhere, Miss Clerici, who recently graduated from the Ursuline Academy, will take an extension course in Italian from the University of California, remaining at home for the coming year.

Index-Tribune Arranges for the Radio Speech of President Harding Tuesday Night

THE INDEX-TRIBUNE and S. A. Robinson of the Electric Shop have arranged with L. A. Drake, the well known Santa Rosa radio and battery man to come to Sonoma Tuesday night and reproduce President Harding's speech by radio. The loud-speaker and Atwater-Kent DeForest outfit which is handled by Mr. Drake's firm and is said to be one of the finest and most satisfactory radio sets yet perfected, will be connected up with the aerial of Robinson & Dresel of the Electric Shop and will enable the public to hear the great speech of the President from the San Francisco Auditorium. The speech is to

be broadcasted from Hale's, K. P. O. station, the best around the bay and will be picked up by Mr. Drake and given to Sonoma listeners. Everybody is invited to assemble in front of the Index-Tribune office Tuesday evening for the big program which is being arranged for by W. L. Murphy and S. A. Robinson.

The loud speaker will enable everyone to hear, and Mr. Drake, in person will be present to demonstrate his wonderful radio device.

The Index-Tribune cordially invites the people of Sonoma Valley to avail themselves of this fine evening's program.

Apple Packers Have Worked Late At Night

Worst of Rush at Vineburg Packing
House Now Over; Girl Packers
Make Record.

The fruit industry of Sonoma Valley is a real industry. If you do not realize it, step on the gas and go down to Vineburg, where at the big packing house of the Apple Growers Association and at the more limited quarters of the Stewart Fruit Company, you will see what Sonoma apples and pears look like, all dolled up for eastern shipment. There are thousands of boxes handled by hustling young men and a small army of pretty girls.

The apple crew is a jolly one, whistling, singing and working with a will as they do the piece work which runs into real money. Philip Bill Jr., is the man who keeps the new apple grader moving along with apples big and apples small. As the trucks bring the boxes of Gravensteins to his side, Philip dumps them on to the grader, one day putting over as many as 3000 boxes in a single day. The fruit is sorted by pretty girls all along the line and as it drops into the bins it goes into the nimble hands of more pretty girls who grab it off so fast that an apple is in its wrapper before it has time to get up. An average of 2000 boxes daily have been packed by the young ladies on this job. One shift starts to work at 6 a. m. and then apples are kept moving until 9:30 p. m., for another shift goes on in the meantime.

The champion apple packers this week were Evelyn Cordell, a high school girl whose ticket showed she had packed 185 boxes in one day, and Jane Eberhardt, who averages 150 boxes.

After the boxes are packed heaping high with Valley of the Moon fruit, they go to the nailers, who put on the covers. The boxes are made at the packing house by clever boys like Kenneth Roeder and Teddy Anthenian. The boxed fruit, attractively labeled, is then trucked to the refrigerator cars waiting on the siding. Between 500 and 700 boxes of fruit go in each car. Over 32 carloads have already been shipped East and to Los Angeles. Station Agent Grover Rubke keeps 'em rolling.

Eighty-five per cent of Sonoma Valley growers are in the Apple Association, which finances all the activities now going on at the Vineburg packing house and provides the \$1500 weekly payroll now dispensed at the up-to-date plant.

Independent growers, mostly lessees of orchards, find a good market through the Stewart Fruit Company which has been handling many Sonoma Bartlett pears this season and quite a tonnage of apples. L. M. Collins was getting out two carloads of fruit Tuesday night and had a lively crew hustling the fruit into the cars. Mr. Collins is ably assisted in the office by his pretty young wife.

Many thousand dollars worth of fruit is going to market every day now from Sonoma Valley orchards for Gravenstein apples are in great demand despite the abundance of all other kinds of fruit. The Association apples will bring on an average about \$1.25 per box.

IMMENSE YIELD OF SONOMA VALLEY HAY AND GRAIN

Crew of 140 Men and Big Outfits
Required for 1923 Crop on Large
Reclaimed Acreage

Sonoma Valley has one of the biggest hay and grain farms in the United States in the Jones Ranch, which at the present time is harvesting one of the largest crops in its history and dispensing a payroll of \$1200 daily to its 140 employees. The late rains brought the 6500 acres of reclaimed land to a magnificent yield estimated at approximately 15,000 tons of hay and from \$15,000 to \$20,000 sacks of grain.

Four hay presses are now at work on the ranch and threshing outfits are busy with the grain. Over 350 tons of hay daily are being moved at the present time, some going into storage and the remainder being shipped to market.

Superintendent Keechler is handling the four camps on the ranch with his usual success, and travels more than 20 miles every morning over the ranch to see that the outfits are progressing satisfactorily.

Wages are a big item these days, with the harvesters, many balers making as high as \$18 to \$20 per day, whereas they formerly made \$8 or a little better. Shipping rates are twice as high as formerly and a carload of baling wire costs just \$1300 more than it did five years ago. With these conditions and low present prices for hay, it takes a careful and efficient manager like Joe Keechler to make money for his company. Keechler has been with the Pacific Reclamation Company since a boy and is one of the most successful and popular farmers in California.

AMUSEMENT PROMOTERS REPORTED BANKRUPT

It is reported that the Coney Island Amusement Park backer has filed a petition in bankruptcy and Harry S. Smith has been appointed receiver.

The \$100,000 amusement park at Verano had scarcely opened its doors before financial troubles loomed. The Patriarchs' Militant Band, who played at the opening, first attached the place, but their attachment has been lifted. Among local creditors are a lumber and hardware firm.

The Park was built by W. Baron and A. G. Hall, and includes many summer cottages, grill and a fine pavillion.

UNION SERVICES TOMORROW

Owing to the indisposition of Rev. S. E. Crowe, who is taking a needed rest, there will be union services tomorrow, conducted by Rev. Isaac Cookman. The morning service will be at the M. E. church with evening services at the Congregational.

Mrs. A. Griffith of San Francisco was in Sonoma visiting her son and bride, Mr. and Mrs. Steve Griffith on Thursday. Mrs. Griffith is now residing in the city where her daughter Miss Nancy, is attending the Munson School for Private Secretaries.

Mr. and Mrs. A. Clerici and family Castagnasso motored to San Jose on last Sunday, returning via Alameda G. Chicazola and Mr. and Mrs. H. county. They report a fine trip.

EL VERANO NEWS

By ARCHIBALD McKIVER

Arthur Baines was a motor business visitor in Oakland Sunday.

Bill Bomhoff and family have been spending a vacation at the famous Dillon Beach.

Misses Irene and Anne Dowdall are spending the week as guests of bay city friends.

Milton Peterson boarded the local S. P. rattler Saturday evening for the City of Roses.

John Fleming is spending the week in San Francisco, combining business with pleasure.

Mrs. K. Lombard has been a Sonoma Valley visitor, motoring here over the week end.

Mr. and Mrs. T. Soberanes, Miss N. O'Brien and Harry Rogers were motor visitors to Petaluma last Saturday

Miss Ruby Smith, a sweet and noted singer of San Francisco, was the guest Sunday of the Lippes at Verano.

Miss Mayme Walsh was a guest of the Kearneys over Sunday. Miss Walsh is a resident of San Francisco.

Mr. and Mrs. Griffin of Oakland are at Boyes Springs. Mr. Griffin is a veteran employee of the Bank of Italy.

Mrs. T. H. Baines and daughter returned to their El Verano home after spending a month at Dillon Beach.

Mrs. Little has been visiting at the Sonoma Vista home of the Beach family. Mrs. Little is from San Francisco.

Mrs. H. Woods and Mrs. M. Donovan of San Francisco have been renewing old acquaintances with El Verano friends.

E. P. Waldo and L. L. Stevenson have returned after a several days' outing and motor trip to Colusa and other cities, along the line. They report a fine time.

Jack Main of Main's Soft Drink Emporium, on Kearney Street, San Francisco, was at Verano Sunday to look over property interests.

Emile Mullen and Miss Peggy Walsh of San Francisco were visitors Sunday at Boyes Springs and also renewed acquaintances in El Verano. Mullen, a well known railroad man in the big city, is a native of this town.

Mrs. J. W. Moran of Marysville and M. Beilly of Wheatland motored to Sonoma Valley and were guests of their friends, Mr. and Mrs. J. Hoffman. After a pleasant visit they went to Santa Cruz where they attended a church convention.

Boyes Springs ball park was filled with ball fans Sunday when the Valley team played the Castro Parlor team from San Francisco. The entire game was full of thrills and good playing on both sides brought cheers from the audience. The score at the end of the ninth inning was 5 to 3 in favor of Boyes Springs.

Garry Wright, trainmaster, was over the line recently making a tour to Santa Rosa. Extra freight trains to carry the fruit crop, composed of from 75 to 100 cars, are run over this division daily to Roseville, and are there transferred to eastern railroad lines.

Easy Jim's Vineburg items are being read here with interest, after a long silence. The witty sayings of this old time correspondent and his live news items are putting the old town back in the limelight and the veteran's news is looked for each week by readers of the Index-Tribune

A grass fire over near Main's Inn, Verano, caused a great deal of excitement last week. The Boyes Springs fire department, with help rushed from El Verano, got the flames under control before they reached the resort and outside cottages. The origin of the fire is unknown.

ment last week. The Boyes Springs fire department, with help rushed from El Verano, got the flames under control before they reached the resort and outside cottages. The origin of the fire is unknown.

Ollie Childs has returned from the Shelby fight. He had a wonderful trip and says old Jack Dempsey is as good as ever and that the champ let Tommie Gibbons go ten rounds, intending to put the crusher on him in the next five, but Gibbons outmastered him, making it go the limit.

Mr. Preston, driving a wagon for the Dowdall Bros. hay bailing outfit, while coming down the rough road from the London ranch last week, owing to the steep hill, turned his wagon over. The next day the same wagon and driver went over again. Mr. Preston was not hurt in either accident.

Mr. and Mrs. T. Muldowney are here from San Francisco vacationing at their summer cottage on Nob Hill.

El Verano was well represented in the county seat Monday, motor visitors including Mr. and Mrs. Al Rossi, Mrs. Phil Rossi, Paul Vannucchi L. Parente, T. Vasquez, Elmer Owens and William Kirby.

A special train from Santa Rosa composed of five passenger coaches passed through El Verano Tuesday evening, enroute to Vallejo. On board were members of the Santa Rosa Scouts, who went to the navy yard town as guests of the lodge there. A banquet was served and many head Scouts of the state were present.

Ex-Sheriff Billy Taylor of Marin county has recently been in our town inspecting the pigeon farm at Lombard's. The former sleuth has been around prize pigeons all his life and is known throughout the state as a fancier of these birds. During his term as a peace officer Taylor was a hard old nut to crack and in his day was an all around athlete.

Herman Schieck, assistant postmaster, of Eldridge, was in town last Saturday. Mr. Schieck is deeply interested and a live booster for the new Sonoma Park Band. Being a crack musician and a member of the band, he foresees big things when the band gets going. Professor Meinhardt of Sonoma is the leader and already the band though recently organized, is playing good music.

The various pleasure resorts in El Verano are now crowded with guests mostly from San Francisco. This month so far in the resort business, eclipses all former years. Dancing, bathing and other amusements keep the large crowd in a happy mood. Many have taken cottages along picturesque Sonoma Creek. More than 200 guests registered at El Verano Villa over the week end.

El Verano was thrown into wild excitement late Saturday evening and many of the summer tourists became hysterical when the wail of the siren on the approaching fire engine roused them from their slumbers and sleepily they rushed to the Main street to see what it was all about. An alarm, it is said, was sent into headquarters at Boyes Springs that a fire was raging at Baines Garage. The fighting captain halted, having lost scent of the fire, and the town resembled an outing of joy riders as a number of auto drivers took up the chase and followed the Chief to give help.

To know how good a cigarette really can be made you must try a

LUCKY STRIKE CIGARETTE

It's toasted

Upon investigation it was discovered that a small grass fire had started in western El Verano and was the cause of all the disturbance.

At the A. Chelini residence Sunday a number of San Francisco visitors were entertained, among them being Frank Gatto and wife, Joe Chelini and family, Mrs. Barry and daughters, Grace and Helen, who is chief operator for the telephone company. During the dinner Miss Helen announced her engagement to George Thomas, a San Francisco business man. The wedding will take place next month in San Francisco and the couple will spend several months abroad on their honeymoon.

Jimmie Sterling of San Francisco, who has been spending his annual vacation in the valley, was in our city recently meeting many of his oldtime friends. Jimmie looks the same as he did 20 years ago and by the appearance of his tailoring seems to be in on the money. He is now engineering an elevator in the Scotch Rite Temple and says he reads the Sonoma Index-Tribune each week and congratulated the writer on his weekly letter. Jimmie also informs the writer that he is seriously thinking of deserting the ranks of bachelorhood for a charming young San Francisco belle. He is still the same old Jimmie and his El Verano friends of those good old days were glad to see him.

Genial Bob Wright has been heard from again. Formerly an El Verano bootlegger, after leaving here Wright

became an informer for prohibition officers in San Francisco. The latest reports from San Francisco state he was nabbed at his home operating a 50 gallon still. It is thought that the arrest of this gallant gentleman will bring other prohibs in on the deal. He was using sugar taken from the confiscated stores of the Prohibition Department. These confiscated stores are supposed to be sold to the highest bidder at public auction. Wright had remarkable success in buying sugar and still parts at a low price when these auctions were held, under direction of Harry Wheeler, suspended chief of the dry enforcement office. Wright is well known throughout Sonoma Valley as a dealer in bootleg booze. He recently visited this valley, tipping off rum dealers to Rutter's San Francisco office.

Joe Kearney is visiting with bay city relatives.

ANNOUNCES NORTHERN CALIFORNIA MAGAZINE

Dedicated to the promotion of the development of Northern California, the Sacramento Spokesman will make its initial appearance on news stands the first of August. It will be published by the Sacramento Chamber of Commerce as a monthly illustrated magazine and will tersely tell of the activities of the northern countries. Each number will be a reference book

for business men on the resources and developments of Northern California.

Space is allowed to every civic and commercial organization of Northern California, in which to tell the vital facts of their districts and their accomplishments. Secretaries of all northern Chambers of Commerce are now preparing material for the first issue. The Spokesman will be edited by Bert F. Hews, a well known news-paper and magazine editor of Sacramento and the bay cities.

PARCHED THROATS, REJOICE!

If you are thirsty, it is all right, for you have no kick coming—you may drink cider and juice of the grape and may press fruit to your heart's, if not your stomach's, content.

The new Government ruling from the Internal Revenue Bureau says you have no kick coming. Make your own beverages from fruit and drink deep, but the drink must be kickless. Nature must be controlled and fermentation made impossible through methods best described in the ruling. If by any chance the recipe don't work and the brew does begin to work, call a policeman. Do not call one, however, if you have tasted to freely of it, you might be arrested.

Here is the latest advice from Washington, D. C., on making your own:

Manufacture of cider and other non-intoxicating fruit juices is authorized without the formality of applying for a permit, under regulations issued by Commissioner Blair of the Internal Revenue Bureau, but persons who make them must add preservatives to prevent "further alcoholic fermentation." Fruit juices may not be lawfully used, the regulation stipulated, for beverage purposes after becoming intoxicating.

The new regulations define "preserved sweet cider" as that in which alcoholic fermentation has been prevented by the addition "immediately upon pressing" of benzoate of soda in the proportion of not less than 4 to 4½ ounces to each barrel of 50 gallons, or by immediate sterilization. The presence of 4 per cent of acetic acid will be considered as changing the cider to authentic vinegar.

With regard to the home manufacture of non-intoxicating cider and fruit juices, the regulations say: Any person may manufacture cider and fruit juices for use exclusively in his home without obtaining permit or giving bond. Such manufacture need not be done at the home of the producer, but such person may take his apples or other fruit to a custom or commercial mill and have the juice expressed and removed to his home, but such removal must be accomplished immediately after the juice is expressed.

If the non-intoxicating cider or fruit juice so manufactured is intended for beverage use it must, if intended for other than immediate consumption, be so preserved and put up as to prevent further alcoholic fermentation.

EGG DAY AND THE SONOMA COUNTY FAIR

Building for permanency, Petaluma has started all preparations for the Sonoma county Fair and Egg Day, with a solid foundation, having in mind something that will last as a monument to the great agricultural industries that Petaluma represents, Poultry and Dairying. The first building, now in the course of construction will be sixty by two hundred feet in length.

All preliminary arrangements have been made and from now on the people will do nothing but think Fair and Egg Day in Petaluma, and make plans accordingly.

The Fair is to be held at Kenilworth Park, located on the eastern edge of the Chicken City, named after the stallion, Kenilworth, who still lives near Petaluma.

There will be five days of the Fair starting Wednesday, August 15th, and ending Sunday night, August 19th, at eleven o'clock.

The Opening Day, Wednesday, with Farm Bureau and Grange participation, is the day devoted to the Farm Bureaus and Granges of this County and State, and a tribute to the California farmer who has made possible California's great development.

The second day, Thursday, August 16, in Dairyland, is in honor of the rapid growing industry of Sonoma and Marin Counties, under the direction of the Farm Bureaus of both Counties.

The third day, Friday, August 17th, will be Luther Burbank's and Children's of Sonoma's day to demonstrate the development of the Agricultural and Horticultural Industries of this great county.

The fourth day, Saturday, August 18th, is Egg Day, an event internationally known. The day is devoted to the billion and a half dollar poultry industry of America, as represented by King Egg and Queen Hen, in Petaluma, "The Worlds Egg Basket", with many unique and characteristic events.

The fifth day, Sunday August 19th, will be all California day dedicated to Californian's Incorporated. Featuring an Egg Feast and "Princess Petaluma", an Egg-World Egg-stravaganza and Chicken Frolics of 1923.

Including the above there will be fifty or more unique and spectacular events with an Egg Show, Utility Poultry Show, Dairy and Live Stock Show, Auto Show, Poultry Institute, Civic Exhibits, Farm Bureau Exhibits, Wild Animal Show, Pony and Dog Circus, Wheels and Merry-Go-Round for the Children, Horse Races and Athletic Games.

SPENT VACATION AT THE NORDWELL AVE. RESORT

Mrs. C. Weisshaar (nee Alber) and her two attractive daughter of San Francisco, returned home Friday after spending a week at the Nordwell Avenue Resort at Boyes Springs.

Gus Alber of the Bank of California spent his vacation at the Nordwell Avenue Resort at Boyes Springs.

THE SANTA ROSA BUSINESS COLLEGE

The Santa Rosa business college is advertising its fall term opening on Sept. 23rd in this issue of the Index-Tribune. Many Sonoma Valley young people have been prepared at this college and now hold excellent positions. Among this year's graduates were Leona Fox, stenographic course; James Acquistapace, Agua Caliente, business course; Mary Bonvecchio, Glen Ellen, business course; Joe Pagani, Kenwood, business course.

Thirty-two years ago this coming August the Santa Rosa business college was founded by its present owner. The first day's enrollment was one student, now Dr. Robert E. Leigh of Portland, Ore., and three teachers: Prof. J. S. Sweet, president; Prof. C. F. Nesse, expert penman; and Mrs. George Hall, principal of the Stenographic Department.

It took brave hearts to sacrifice \$3,000 in salaries to attempt such an apparently hazardous undertaking, especially when several failures had been the fate of previous ventures in the same line in Santa Rosa.

Professor Sweet had lived in Santa Rosa for a year, having been vice principal of the high school for that time. He had sized up the situation and was fully convinced that with the right kind of management, and with faithful service, a great commercial school could be built up in the city of Santa Rosa with its wonderfully productive surrounding country.

Time has proven that his judgment was correct, and now in this good year of 1923, he has the satisfaction and pleasure of announcing the greatest enrollment in the history of the college and the graduation of 135 students in the regular courses, besides the issuance of 46 special diplomas and three medals for excellence in penmanship, also 42 certificates and 33 medals for accuracy and speed in shorthand and typing.

SONOMA HENS LEAD IN EGG LAYING CONTEST

The G. F. Warren pen of White Leghorn hens entered in the Sonoma County egg laying contest has been in the lead for two months. The Warren pen has 221 eggs to its credit.

Mr. Warren is rightfully proud of the showing and plans to breed from this excellent egg laying stock and keep on improving the strain. He chose the pen at random as the best representatives of his flock of 600 hens. The Warren pen is the highest of 10 entries for the past two months.

Garica & Sarich are among the top poultrymen in the 10 leading pens for the entire contest.

SONOMA ICE AND BREWING CO. PAINT

The plant and buildings of the Sonoma Ice and Brewing Company adjacent to the railroad, have been nicely improved with white wash and cold water paint. The ice business this year has been good.

---	---	---

WELCOME, PRESIDENT HARDING

All California joins in the hearty welcome which will be extended to President Harding while he is in our Golden State. Newspapers of city and country hail this distinguished member of the fraternity, regardless of party, for he has brought honor to the craft and proved his fitness for the big task which confronted him as successor of the war President. His reduction of the national debt alone was a splendid piece of work, worthy of a statesman of long training and proves that the Harding ear was attuned to the wishes of the people, a gift undoubtedly sensitized by his years at the journalistic helm. Divining the thoughts of the people is a business with newspaper folks and when an editor becomes President of a great nation, he must find this faculty of vast assistance in charting his course.

We join with all Californians in extending President Harding a cordial welcome and want to assure him that we approve his plan of a world court as a means of averting war, insofar as it is possible to guard against such calamity among civilized nations of the world.

LOCAL ENTERPRISE HAS UNUSUAL BACKING

It is with pride that Sonoma Valley and everyone interested in Sonoma Valley's development should look upon the men behind the new hotel project which seems destined to transform this beautiful Valley into the famed Mecca of tourists and travelers from every compass point.

The men are not promoters in the ordinary sense although they are promoting this Mission Inn and have availed themselves of the accredited business method of a stock selling campaign to make the development of the property and completion of the hotel project a reality. Their attorney is manifestly proud of the project as a high class, gilt edge business proposition. Its clean-cut legitimacy appeals to him in contrast to the hundreds of shabby enterprises,

camouflaged schemes or wildcat propositions which lie in the path of the present day investor. The State of California's Corporation Commission instantly approved it.

It is good to know that Sonoma Valley's name is associated with a business enterprise of this character. It presages success, particularly when the men who are putting it over are men who have put over other high class and successful enterprises in a sequence natural and coincident with the present enterprise.

First of all, an experienced and successful hotel and resort man has demonstrated what can be done, even with limited means, to gain recognition for Sonoma mineral springs through a well conducted resort. He has builded well but finds his success circumscribed through in sufficient and inadequate accommodations. A nucleus or foundation for the magnificent Mission Inn has been laid, however, and laid well by this man, an experienced, enthusiastic business man who is doing fine team work on the expansion program now under way and will not let go there, but will "carry no" until returns begin to come in for associates and the investors.

The other men fathering this tourist hotel for Sonoma Valley have recently proven their ability, foresight and executive ability by financing, building and operating a successful transportation system which has opened up a main artery of travel and practically revolutionized travel between here and San Francisco. Projectors of this new successful transportation system, not content to rest on their laurels, are even now furnishing the brains and money to build the Carquinez Bridge, thus bringing this and neighboring sections closer to the crowded eastern contra costa from which we are to draw great caravans of autos.

That men of this type, colossal figures in big enterprises of today have identified themselves with a Sonoma Valley project is something we should congratulate ourselves upon and the Index-Tribune, as a newspaper,

is proud to chronicle the fact to the outside world and bespeaks for these gentlemen the substantial support of all who can aid in the consummation of their program for Sonoma Valley.

AN ANTI-SALOON LEAGUE'S PLIGHT

Now that William H. Anderson, State Superintendent of the Anti-Saloon League, is under indictment and has been held to answer for alleged graft in the conduct of his office, it is amusing to read some of his propaganda. Many of his harsh thrusts intended for the wets, might make good medicine for his own kind. For instance, not long ago Anderson quoted an old line wet politician as saying: "If this thing keeps up it will knock hell out of politics."

If the expose of holier-than-thous keeps up, it will sure prove that their composition is not all saintly, despite the reputation they affect, and the cloak of such organizations as the Anti-Saloon League.

Of the Anti-Saloon League, Anderson said a few short months ago: "Because of the character of its constituency and the character of its leadership, there has never been a split in its ranks nor a scandal in its administration. Its bitterest enemies have been unable to get anything on it."

It appears that Anderson was too sanguine. He is surely in need of a prophylactic agency right now to preserve his precious hide.

Luther Burbank arraigns tobacco and gives smoking an awful black eye in a recent article written by him for the Dearborn Independent. Why doesn't Luther do things to the tobacco plant and make it harmless, as he did with blackberries when he made them seedless or cactus when he made them spineless?

Hiram Johnson advocates keeping out of Europe, but we couldn't keep him out. Too good an opportunity to inflate for the crowds he expects to get around the soap box presently.

MAGISTRATE REPORTS SUCCESS IN MARRYING

"Come again, Judge," said Mr. and Mrs. Axel Swenson, of Monterey, to Judge Small, who tied a happy wedding knot for them three years ago. It was no slip knot, but a good luck hard and fast knot, so Swenson recommended the Sonoma Judge and the same sort of knot to their friends, George Alexander Conner and Annie Isabel Evans. As a result, the happy couple were spliced by Judge Small Wednesday in a picturesque grove of trees at El Verano where the Swensons have a summer home and a lot of company. After the Sonoma magistrate had uttered the profound words in firm legal phraseology, and been answered to his satisfaction, he was invited to participate in the barbecue and wedding festivities which followed the nuptials of Mr. and Mrs. Conner.

WOMAN FORGIVES; WOULD PAY FINE

Rocco Salcona, who claims he is not accountable for his actions since heavy fighting in the World War, and who has been languishing in jail for battery committed on his wife, is to be released.

His wife forgave him and has asked permission to pay his fine and get him out of the Bastille. The ex-soldier had served 20 days of the 160 day jolt given him after his arrest by Sonoma's deputy sheriff.

SCHOOL WILL OPEN

Watmaugh District School will open July 30th. There will be a dance given at Watmaugh on Saturday evening, commencing at 8 o'clock, on August 4th. The usual refreshments will be served at midnight.

NATIVE DAUGHTERS INSTALL OFFICERS

Mrs. Walter Paulson Is New President of Sonoma Parlor. Shower For Norma Carriger.

Mrs. Louise Paulson was installed as new president of Sonoma Parlor of Native Daughters of the Golden West Monday evening by District Deputy Catherine Branstetter of Santa Rosa. The installing officer was presented with a beautiful hand embroidered table runner.

After the installation a number of lovely gifts were showered upon Norma Hansen Carriger, a recent bride, after which refreshments were served.

The new officers installed were as follows:

Past president—May Chase.
President—Louise Paulson.
First vice president—Catheryn Weyl.
Second vice president—Gladys Small.
Third vice president—Florence Robin.
Financial secretary—Florence Adler.
Treasurer—Dorothy Breitenbach.
Marshal—Gertrude Groskopf.
Recording secretary—Mae Norrbom.
Organist—Leonora Quartaroli.
Trustees—Clara Fouts, Stella McGill and Dorelis Breitenbach.
Outside Sentinel—Nellie Peterson.
Inside Sentinel—Rose Bartoli.

Watch
What Happens!

Lubricate your automobile with Zerolene, which costs about half what you pay for many other oils, and watch what happens.

First, you find that your gasoline bills are lower. Repeated tests have demonstrated that, other factors being equal, the car lubricated with Zerolene makes about 5% better gasoline mileage than cars lubricated with other oils.

Second, your car goes from 25% to 50% farther before you need to grind valves or remove carbon. This fact, too, is fully substantiated by numerous tests.

Insist on Zerolene—even if it does cost less.

FIRES KEEP DEPART-
MENTS ON THE JUMP

The Sonoma fire siren brought out the local department Thursday morning, a fire at the State Farm at Buena Vista having started flames over the property. The cause is said to have been a spark from the gas engine operating a saw for wood cutting on the property. About an acre was burned over, the local firemen succeeding in confining the flames to a limited area. Fireman Garry Bartoli was painfully scalded by the fire engine.

The Boyes Springs and Valley Department rushed both its chemical engines to the Jack Main property on Friday of last week where a dangerous grass fire menaced the Main and Mouyer properties. A quick run and efficient work saved all property endangered. There were two other grass fires this week, making in all 20 calls Chief Cause has answered during July. The Chief advises that the exact location of a fire be phoned in with the alarm to expedite service.

The debt of the Boyes Springs and Valley Fire Department will be aided by a benefit next month. All should help pay up on the Valley Angel.

ASSESSED VALUATION
OF THE COUNTY GAINS

The assessed valuation of Sonoma county for 1923 is \$43,172,920, as compared to \$42,400,700 for 1922, an increase of \$772,280, according to the report of County Assessor J. C. Hoke Smith, who completed the compilation of his annual work Saturday and announced the totals.

All sections of the county share in the increased assessment with the exception of Sebastopol and Cloverdale where losses in the personal roll this year leaves them slightly behind last year. Then, too, the heavy increase of \$112,125 in soldier exemptions over last year had its share of responsibility in the losses sustained in those districts. The total exemptions in the county this year for soldier exemptions of \$1000 each amounts to \$627,480.

Santa Rosa takes the lead in the gain for the year. The total assessment in Santa Rosa is \$6,160,330, as compared to \$5,769,095, a gain of \$391,235 for the year. This total includes \$2,086,855 for realty, \$3,014,580 for improvements and \$1,058,895 for personal property.

Petaluma is assessed at \$3,688,980 as compared to \$3,486,465 last year, a gain of \$202,515. This includes \$1,328,865 for realty, \$1,634,750 for improvements, \$630,535 for personal property and \$94,830 for money and unsecured credits, it being the only item of this character secured this year for the assessment roll.

Healdsburg's total assessment is \$1,170,475, as compared to \$1,081,870 last year, a gain of \$88,605. This includes \$336,615 for realty, \$541,930 for improvements and \$291,930 for personal property.

The Sebastopol assessment is \$717,940, as compared to \$727,365 last year a loss of \$9225. This includes \$195,505 for realty, \$378,850 for improvements and \$143,585 for personal property.

Sonoma is assessed this year at \$504,885, as compared to \$504,460 last year, a gain of \$425.

The Cloverdale assessment is \$312,375 as compared to \$324,640 last year, a loss of \$12,265. This includes \$113,380 for realty, \$169,070 for improvements and \$29,925 for personal property.

The operative assessment roll of the county for 1923 is \$2,035,715, as compared to \$1,930,085, a gain of \$105,630. This is taxed only for bond payment. The combined non-operative and operative rolls is therefore \$45,208,635 for Sonoma county in 1923.

An interesting feature gleaned from the assessor's records is the fact that the automobiles assessed in the county have increased from 8340 last year to 11,240 this year, while the valuation has increased from \$2,502,000 last year to \$3,372,000 this year.

The owner of the former Heinz ranch above Caliente, Mr. Rosenbaum shipped the 80 head of stock to Wilfords this week and is retiring from ranch life.

SOME CASES DISMISSED

Nineteen alleged dry law violators appeared before United States Commissioner Hilliard Comstock Monday for hearing. They were nabbed in raids made by federal officers in this and Lake counties during the past week.

Louis Banks, Cloverdale, soft drink establishment proprietor, was held to answer to the federal court with bonds of \$1000.

L. Pardini and Emil Bondero, Alder Glen Springs resort, were held to answer with bonds of \$1000 after hearing.

Sal Carlo and Edith Luciani, proprietors of the Lark Cafe, Agua Caliente, had their hearings postponed.

Perry Welch, 303 Third street, Santa Rosa, waived examination and was held to answer under \$1000 bonds.

Jack McFayden, of the Highland Springs, near Lakeport, in Lake county, hearing postponed.

Louis Grimmer, restaurant proprietor, Cloverdale, held to answer under \$1000 bonds after hearing.

Emilio Buffi, Oaklawn Hotel, at Healdsburg, trial set for August 15.

Frank Ferraro, of Oaklawn Hotel, Healdsburg, trial set for August 15.

E. A. Vasquez, El Verano, held to answer under \$1000 bonds.

William Kirby, El Verano, held to answer under \$1000 bonds.

Louis Parente, Parente's Resort, El Verano, held to answer after hearing, bond of \$1000.

Al Rossi, El Verano, waived examination and held to answer.

Mrs. Al Rossi Jr., and Mrs. Al Rossi Sr., El Verano, cases dismissed on grounds of insufficient evidence.

Elmer Owens, Parente's Resort, El Verano, dismissed, lack of evidence.

BOITANO FINED \$350

William Boitano, represented by Attorney Wallace Ware, appeared in court this week and plead guilty to possession of liquor at his resort, which was raided some weeks ago. He was fined \$350, the understanding being that he leaves his Sonoma Valley, Madrid for a climate more moist.

Invest In A Vacation At
Yosemite Lodge

Vacations should be more than two weeks of idleness. Expended wisely, your annual rest becomes an investment that pays good dividends in better health and more "pep" for work.

That's why Yosemite Lodge is the choice of more than 20,000 visitors each year as the scene of their vacations—they want all the good time that's coming to them, plus good food and good accommodations at reasonable prices, with the added attraction of beautiful scenic surroundings.

And they get all this at Yosemite Lodge, the center of life in Yosemite Valley. There are ample accommodations, completely comfortable to suit every taste and every purse. Built to banish care, the Lodge provides delightful recreations—big swimming pool 120 feet long, and bordered by a sand beach, nightly campfire and entertainment, dancing to the music of an orchestra—a dull time is impossible!

Come up to Yosemite Lodge—NOW—to joyous days and cool, crisp nights. All roads and trails are open in August—trout rise eagerly to a fly—it's a great month. For literature and reservations address:

PERSONAL AND SOCIAL

Miss Marguerite Helberg of San Francisco spent the week end here with home folks.

Miss Providence LaTorres of San Francisco was here over the week end.

Miss Mamie Walsh of San Francisco was a recent visitor at the Kearney home.

Mrs. C. Jensen was a Friday visitor in San Francisco.

John Seeger of the old Marti ranch visited his father in San Francisco from Friday until Sunday.

Word comes from the Tate family that they are having a wonderful vacation in Northern California.

John Guilfoyle is enjoying a vacation, having visited San Francisco, Yosemite Valley, Lake Tahoe and a number of other noted places. He is accompanied by a friend.

The Joe Keiser family have been entertaining San Francisco friends.

Helen Church, daughter of Mr. and Mrs. William Church, left for a visit with bay city friends and relatives this week.

Miss Ella Stevens of Oakland has been visiting her sister, Mrs. Antone Keiser.

Peter Kelly of San Francisco visited El Verano friends Sunday.

A CORRECTION

The Mission caretakers, Mr. and Mrs. Borie, have never been paid by the local Mission Committee, through public subscription or otherwise. They were given living quarters at the Mission and an opportunity to take any voluntary contributions donated by tourists. Very little money was thus realized and it was not until the recent state appropriation was made possible through the signing of the Slater Bill by Governor Richardson that salary was assured the good people who so pleasantly preside over the California landmark.

MRS. SHEPARD -- VISITS SEBASTOPOL

Mrs. Eliza Shepard, efficient president of the State Woman's Auxiliary to the American Legion, and sister of Sonoma county's loved author, the late Jack London, was in Sebastopol Monday, a guest of the local organization.

Mrs. Shepard was entertained at a luncheon and later met with the members at the hall, where she gave instruction and advised them in the carrying on of the work. Mrs. Shepard was so enthusiastic and helpful that the members will take up their duties with renewed interest and assurance of best results.—Sebastopol Times.

STATION AGENT REED

GOES TO MINNESOTA

Station Agent George Reed of the Northwestern Pacific was called to Minnesota this week on account of the illness of a brother. During the absence of Mr. Reed, the ticket office will be in charge of J. W. Spence, a regular N. W. P. relief agent. Mr. Spence has not been here before, but expresses himself as well pleased with our city.

George Reed is a veteran railroad man and a good traveler. He will be away several weeks.

INDUSTRIAL PROGRAM OF DEVELOPMENT ASS'N.

Charles E. Virden, Chairman of the committee, issued the following statement relative to the state industrial drive that is being undertaken by the California Development Association:

"The wonderful results and possibilities for industrial development in California have made possible a phenomenal natural growth of industries through the state in recent years.

"Men of vision in industry who have carefully followed this growth fully realize that future industrial development in California must be made in conformity with a well planned systematic program; that intelligent human effort must be hitched to this natural statewide industrial growth in order to realize a timely and orderly development and establish a definite connection with agricultural development and other established interests in the state, with particular reference to marketing.

"A further result will be the increasing of production along certain well defined lines, thus bringing about a well balanced relationship between the supply and market demands.

"Charles S. Knight, director of the Industrial Department, has already started industrial development work. Tuesday night, July 17, Mr. Knight met with the city council and representative business men of Richmond to line up a constructive program of industrial development for that community.

"On Wednesday, July 18, a similar meeting was held with 100 leading business men of Benecia. Requests have been received from other parts of the state for similar service. Mr. Knight plans to answer these requests as rapidly as possible with the hope of eventually visiting every section of the state and obtaining first hand knowledge on the resources and possibilities of industrial development."

APPLE DAY AT SEBASTOPOL

Sebastopol's new Chamber of Commerce building is attracting wide interest. Located on a triangle lot in a position where travelers cannot enter the town without passing it, the distinctiveness of the building speaks much admiration for Sebastopol.

It is a concrete structure of a Mission style of architecture, finished in light gray with crushed brick roof. French doors and windows, with red brick steps.

The building will be dedicated officially on August 11th in connection with the first annual Apple Day. Robert Newton Lynch of the San Francisco Chamber of Commerce will make the dedicatory speech.

The public is cordially invited to visit not only the new building but to participate in the Apple Day celebration for which extensive plans are being made.

WANT TO LEASE HOTEL

Lissner & Iverson, proprietors of the Hotel Turpin, San Francisco, and also a hotel in Stockton and another in Oakland, conferred with the trustees of the Petaluma Hotel Company at a meeting held at Attorney Howell's office in Petaluma this week. They agree to elegantly furnish the hotel if given the lease, and make it one of the finest hotels in the state. They would spend a large sum of money in carrying out their plans. There are several other hotel men anxious to lease the new hotel. The leasing of the hotel will be definitely settled next month.—Petaluma Courier.

NAPA GROWERS WANT CANNERY

Although a committee was appointed to take steps to bring about the establishment in Napa of a cannery, under the auspices of the Napa and Sonoma fruit growers, if, possible nothing was effected at the meeting held last Saturday night of canning-fruit growers for the immediate relief of plum growers.

Charles Bocchio stated he had been to San Francisco and had interviewed all canners and packers and had succeeded in making arrangements with a glazed fruit company to take from 20 to 25 tons of green gage plums. In view of the fact that there are 350 tons of fruit to be disposed of, this was considered little relief.

Mr. Spencer of the Co-operative Canneries gave a talk on the proposition of fruit canning. He stated the Co-operative Canneries could very easily put all the plums in cans this year, but that the difficulty is that their marketing facilities are not prepared to handle the output. There is a certain holdover from last year and the plums after they are kept in storage over 12 to 18 months will begin to swell and blow up. He stated also that due to government orders that Armour & Company can no longer handle fruits, the arrangement which the Co-operative Canneries have had with Armour & Company for handling their output has been terminated and the canneries are now called upon to put up their own distributing machinery.

H. Brown, president of the Bank of Napa, stated he thought the Napa Valley growers should tie up with the Co-operative Canneries, arranging for a cannery in Napa.

It was explained that shipping these fruits to the East at the present time would only result in a loss to the growers.

The question of opening up a cannery to put the fruit up at this time was also discussed but was considered impracticable.

The committee appointed at a previous meeting of plum growers was asked to continue their efforts toward securing a co-operative cannery for Napa county. A motion was carried that the matter of a cannery be taken up with the Napa and Sonoma county fruit growers. It was the unanimous opinion that the fruit growers of this district will only find permanent relief by the establishment of a cannery in Napa and all growers and business men were urged to co-operate toward this end.—Napa Register.

ARRIVES HOME IN TIME TO SAVE LIVES OF HIS PARENTS

Returning to the home of his parents, Mr. and Mrs. G. P. Martinelli below Donahue at 10:00 o'clock Sunday night, from Salinas, Leonard Martinelli arrived just in time to save the lives of his parents and other relatives from their home which was totally destroyed by fire.

The young man had left for Salinas to fill a position and not liking it, he returned home. He reached this city by auto stage and from here caught a ride to Lakeville. He found that his parents had retired but saw a strange light in the upper part of the house and investigating discovered the whole upper part of the house in flames. Breaking a window, he aroused his parents and the other members of the family escaped just as the whole house burst into flames.

The family escaped in their night cloth and saved absolutely nothing except the cloth they wore. The flames had secured such a start that in a short time it would have been impossible for the family to have escaped with their lives.—Petaluma Argus.

WANTED

Chickens, broilers, ducks and geese. Will pay 2c below quotations. Sweet butter full quotation.—Rosenthal's Resort. adv. 37f.

Miss M. Biggins of San Jose came up Tuesday to look after her property interests in this Valley. Her father, the late James Biggins, was a pioneer and large land owner here.

ITS A LONG TIME BETWEEN GRAPE JUICES

What Governor Arthur M. Hyde of Missouri will say to Governor Friend W. Richards of California in the Pony Express letter which will be relayed from St. Joseph, Mo., to Sacramento by daring riders as of the old pioneer days, will be delivered to the chief executive of California at the State Fair grand stand before a throng of people by Will Tevis, the most spectacular rider in California.

The incident will be one of the big features of September 8th at the State Fair. As a background to the cross-country relay Pony Express race, the special train bearing the Sacramento Whiskerinoes from St. Joe back to Sacramento will roll right into the State Fair grounds to help make the celebration more realistic.

Tevis will have the mount from Placerville to Sacramento. He will receive the Missouri governor's letter to Governor Richardson from the Express rider who relays at Placerville. Charles Paine, secretary of the fair, is planning to make the occasion one of the big events of the fair.

FORD TO VISIT GEYSERS IN MARCH

Henry Ford, friend of Luther Burbank, will visit The Geysers in March 1924, when he comes here to see Burbank, says an announcement at Healdsburg quoting Burbank as authority for the statement. Burbank, with Mrs. Burbank and their niece, now is visiting The Geysers.

Ford has become interested in the proposition of cheap power at The Geysers through report sent him by Burbank. It is an open secret that officials and stockholders of the Geysers Development Company hope he will think enough of the project to invest some of his millions in developing The Geysers.

CENTENNIAL PAPER APPRECIATED IN EAST

A copy of the Mission Centennial edition of the Sonoma Index-Tribune was sent to an old timer, Clark Hopkins, of Kansas City, Mo., by his old friend, Mrs. Amelia Bates. Hopkins, who spent his boyhood in old Sonoma, was delighted with the paper and in acknowledging it said it revived many delightful memories. He particularly referred to the article on Tony Oakes and states that a picture of Mrs. Tony Oakes is treasured by him in a family album.

VINEBURG NEWS

Mrs. Frank Groskopf was the guest of San Francisco friends this week end, returning home Tuesday.

August Figone spent several days this week looking after his real estate interests in bay cities.

Miss Margaret McDevitt, daughter of Charles McDevitt, formerly of Sonoma but now a resident of San Francisco, was the week end guests of her uncle and aunt, Mr. and Mrs. F. Batto.

Miss Thelma Fry an accomplished young danseuse of San Francisco, was the guest of Mr. and Mrs. Frank Knolle the past week.

A pleasant reception was held last Sunday afternoon at the pretty home of Mrs. Leona Batto. The guests of honor were Mr. and Mrs. J. Noonan of San Francisco. An elaborate dinner was served and the afternoon spent enjoying various amusements. Those present were Messrs. Frank Groskopf, Louis Bosch, O. Groskopf and Francis Batto, and Mesdames B. Groskopf, Leona Batto, and Misses Clarice Gunder and Evelyn Batto.

Mr. and Mrs. Fred Batto and son started last Tuesday, for an outing and motored to the Summit of the Sierra Nevada, the Switzerland of America. They expect to be gone several days.

Miss Mary Figone, head bookkeeper and stenographer for the Westinghouse Lamp Company of San Francisco, is the guest of her cousins, Mr. and Mrs. August Figone at the John Batto residence this week and is having a fine time.

Wife Pocketed \$1,000.

A dying wife in New Mexico owned up that she had gone through her husband's pockets regularly for nearly thirty years, and that she had purloined about \$1,000 from him for pin money.

DREADFUL AUTOMOBILE ACCIDENTS OF WEEK

Harry Grayson, wealthy resident of Comstock, near Virginia City, Nev. was instantly killed and Earl O'Connor, aged 11 years, was fatally injured Monday morning when Grayson's large touring car hurtled from the highway on a sharp curve one mile north of Cloverdale.

Young O'Connor, who was with his mother, Mrs. John O'Connor, and her niece, Miss Ruth Armstrong, died in the Cloverdale hospital two hours after the accident. Death was due to a fractured skull and internal injuries.

Mrs. O'Connor, 1520 Leavenworth street, San Francisco, and Miss Armstrong, were also hurried to the Cloverdale hospital and were attended by Dr. C. W. Shipley. The physician states they are suffering from shock but that no bones were broken. Grayson's skull was fractured. His body was removed to the morgue at Cloverdale and soon afterward the body of young O'Connor was also taken there. Coroner Frank H. Phillips of Petaluma was summoned and held an inquest Monday night.

Grayson, who was driving an expensive make touring car, had been visiting at Saratoga Springs in Lake county. While there he met the women and the little boy and as they were returning to San Francisco he invited them to accompany him in his motor. People who met the Grayson car or who saw it pass along the highway state that Grayson was driving at a high rate of speed. They claim that the accident was caused by an attempt to negotiate a turn in the road at too high speed.

L S S—H. Castagnasso.
Chaplain—W. S. Dunn.
Warden—Joseph Vella.
Conductor—Frank Giorno.

DAIRYMEN ATTEND LECTURE

Many leading and progressive dairymen of Sonoma Valley attended the illustrated lecture given by H. R. Lochry of the U. S. Department of Agriculture Thursday night at the high school. The meeting was arranged by Joseph Vella of the local creamery and was most instructive.

FRANK MULLER AGAIN ILL

Frank Muller, popular Sonoma business man had a recurrence of the illness which troubled him some time ago and is at the home of Vineburg friends under the care of Dr. Boelsen. The physician took blood from his patient Wednesday in order to relieve a high blood pressure condition with which Mr. Muller suffers.

Many friends of the genial Frank, who is one of Sonoma's best boosters, sincerely hope for his speedy recovery.

Lem Griffith has a position as brakeman on the night freight of the N. W. P. railroad. Lem likes railroad riding better than automobiling and recently gave up his garage job.

Miss Edna Sartori of Petaluma is visiting her brother, S. Sartori, at their ranch east of town.

Kept Busy.
"De man dat takes his own troubles too serious," said Uncle Eben. "Iosef friends 'cause he ain't got time to sympathize wif de other feller."—Washington Star.

British Universities.
There are 18 universities in Great Britain and Ireland.

RESORT CLERK IS SHOT BY ROBBERS

Shot below the heart by one of the four bandits who looted the River View Hotel at Monte Rio of \$5000 in a daring robbery at 8 o'clock Sunday night, Joseph Dearing, former high school athlete, is in the Mary Jesse hospital, Santa Rosa, while authorities, forming a cordon throughout the north of bay counties under the direction of Sheriff John M. Boyes, are conducting a wide search for the robbers.

Whether Sunday night's robbery was the climax of outbreaks of ruffians and gangsters in the resort section or whether it was the work of bandits who had carefully planned the entire affair without having any connection with the gangs, has not been determined as yet by the investigators.

Dearing stated at the hospital that he would be able to identify one of the men as the one who attacked him at Monte Rio about two weeks ago after he had halted a hatchet attack in a dance hall. The previous attack on Dearing resulted in his being knocked unconscious while the two would-be avengers, angered at the arrest of two supposed confederates, fled. The alleged confederates are Frenchie Smith and Peter Johnson, now serving six months' terms in the county jail.

Intercepting one of the robbers in the hotel, Dearing was stopped at the point of a revolver. The bandit took \$1500 from the strong box in the safe.

Dearing's folks reside in Santa Rosa and the shock of the Monte Rio affair was made more terrible by the death of their 24 year old son, Roy Dearing, who was killed in a train wreck two days later.

It is believed the victim of the resort robber's attack will recover.

Despite several arrests, no definite clew to the murderous hold up men has as yet been obtained.

SEASON TICKETS WILL GIVE AUTO CHANCE

Next, Wednesday, in front of the Valley National Bank of Sonoma, there will be on display the handsome Chevrolet coupe to be given to the lucky holder of a season ticket to the Sonoma County Fair. The coupon tickets entitling the holder to five admissions into the Petaluma Fair and Egg Day, will be sold by the local Farm Center members for \$2.50. Single admissions are 75c and will not entitle entrants to a chance on the grand prize.

INJURED WHEN THROWN FROM WAGON IN RUNAWAY

Peter Miller, an employee on the Jones ranch was seriously injured when thrown from a hay wagon when the team which he was driving bolted. He was picked up by workmen who witnessed the accident and conveyed to the Crane hospital where he is being given attention. His condition is serious, but he will recover.

AUTO BUS FINDS UNCONSCIOUS MAN

An unconscious man who had fallen off his wagon on the highway was picked up by a bus driver for Valente & Stuermer Wednesday. He was brought to town and later conveyed to the county hospital. He was a one legged traveler and finally regained consciousness, but was unable to explain his fall.

HICKMAN'S ORCHESTRA RECEIVES OVATION

Art Hickman's splendid orchestra got a big ovation the opening night at Boyes Springs Theatre, where they have opened a dance engagement for several weeks. Over 900 paid admissions was the record. There is indescribable class about their music, each musician being the best synopator in captivity.

Mr. and Mrs. Irving Shepard are home from a summer outing at Santa Cruz.

S. Sartori, the dairyman, has recovered from the recent painful accident caused by a pitchfork penetrating his knee.

INITIATION ATTENDED BY MANY PETALUMANS

Over 50 visitors were present at the initiation ceremonies of Verdant Degree Rebekah Lodge Thursday night the initiatory work being put on by a degree team from Petaluma. The candidates were Mrs. Rosa Randolph, James Gottenberg, Ernest Bancroft and Oscar Lund. The visiting drill team of 20 conducted the work in a manner which won enthusiastic praise and commendation from all present.

Following the initiation of the new members there was a social time with dancing and refreshments. Seven gallons of ice cream and many good home made cakes were enjoyed.

There was a large crowd of local members in attendance, 46 visitors from Petaluma, five from Windsor and two from Healdsburg.

KIT CARSON CLUB FORMED

Monday morning a number of the business men of Agua Caliente organized a club for the purpose of promoting the improvement of the Caliente district and the Sonoma Valley in general.

A celebration of the birth of the intrepid old scout whose counsel so often led General Fremont and the American army to victory is planned and everyone interested in developing the upper end of the valley is urged to join.

T. H. Corcoran, proprietor of Agua Caliente Springs was elected president, and Eddie Perkins, of the Agua Caliente Service Station, was elected secretary and treasurer.

The club meets the first Sunday of each month at the Agua Caliente service station.

DOCTOR HAS MORE NEW EQUIPMENT

Dr. S. Boelsen has just installed a new ultra-violet radiation outfit which is part of the modern apparatus in the well equipped office of this Sonoma physician and invaluable in the treatment of many ailments. Dr. Boelsen at great expense has aimed to install everything recognized by modern science for the general treatment of chronic diseases.

VISITORS FROM HOLLISTER

The Misses Keechler of Hollister, daughters of Mr. and Mrs. Arnold Keechler, have been enjoying a visit here with relatives, their uncle, Joe Keechler of the Jones Ranch, and Mrs. John Steiner, of Sonoma. The young ladies have been nicely entertained.

A \$5000 RESIDENCE TO BE BUILT

Contractor R. E. Murphy will shortly start the erection of a handsome \$5000 residence for Mr. and Mrs. Burns of Oakland who recently purchased a home site on the corner north of the Sonoma Grove Farms tract. Mr. Burns is a veteran Southern Pacific engineer.

Miss Sadie Dunbar has returned to the bay cities after a pleasant vacation with her folks, Mr. and Mrs. J. J. Dunbar.

Mrs. Rena Pearson (nee Waltz) has been spending a vacation with her parents, Mr. and Mrs. Waltz, on the mountain fruit ranch of the Waltz'. Mrs. McAller and the Misses Catherine and May Monahan of San Francisco have been visiting in Sonoma.

Mr. and Mrs. Froment and party have returned from a motor trip into Oregon.

J. Altimira of San Francisco was in town Thursday looking after his property interests. He brought the sad news that Mrs. Altimira is very ill.

Hunters. A full line of high power shells at Clewe's.—adv.

R. E. Murphy and son, Dick, returned from Dillon Beach this week leaving the rest of the family there to complete their delightful outing.

Swimming, fishing and hikes have been enjoyed. Mr. Murphy will go over tomorrow and all will motor home in the evening.

Deer season opens August 1st. Go to Clewe's for high power shells. adv.
